DOUBLE BIND WORKSHEET

Instructions: Write out problems that have to do with addictions, fear, anger, anxiety, confusion, procrastination, denial or control and examine the consequences and risks of both choices. Examples: If I trust people, If I give up drugs and alcohol, If I confront this problem/person, expose my secret etc. Then apply the formula: ***If I do what's right, God will bless it and the right thing to do is usually the hard thing to do.*** Next, make a concrete Plan with accountability/support for carrying it out.
